习近平给建设和守护密云水库的
乡亲们的回信

乡亲们：

你们好！来信收到了。60年前，你们响应党中央号召，积极投身修建密云水库大会战。60年来，你们为了保护水库，关工厂、关矿山，为首都生态环境改善作出了重要贡献。得知你们发挥好山好水的优势，日子越过越红火，我感到很高兴。

保护生态环境功在当代、利在千秋。北京一万多平方公里的山区是首都重要的生态屏障和水源保护地，地位十分重要。我一直惦念着密云水库。当年修建密云水库是为了防洪防涝，现在它作为北京重要的地表饮用水源地、水资源战略储备基地，已成为无价之宝。希望你们再接再厉、善作善成，继续守护好密云水库，为建设美丽北京作出新的贡献。各级党委和政府要深入贯彻生态文明思想，把生态文明建设作为战略性任务来抓，坚持生态优先、绿色发展，加强生态涵养区建设，健全生态补偿机制，共同守护好祖国的绿水青山。

习近平

1. Focus on natural purification

➤ **Afforest**
thousands of
hectares

➤ **Near-natural**
restoration

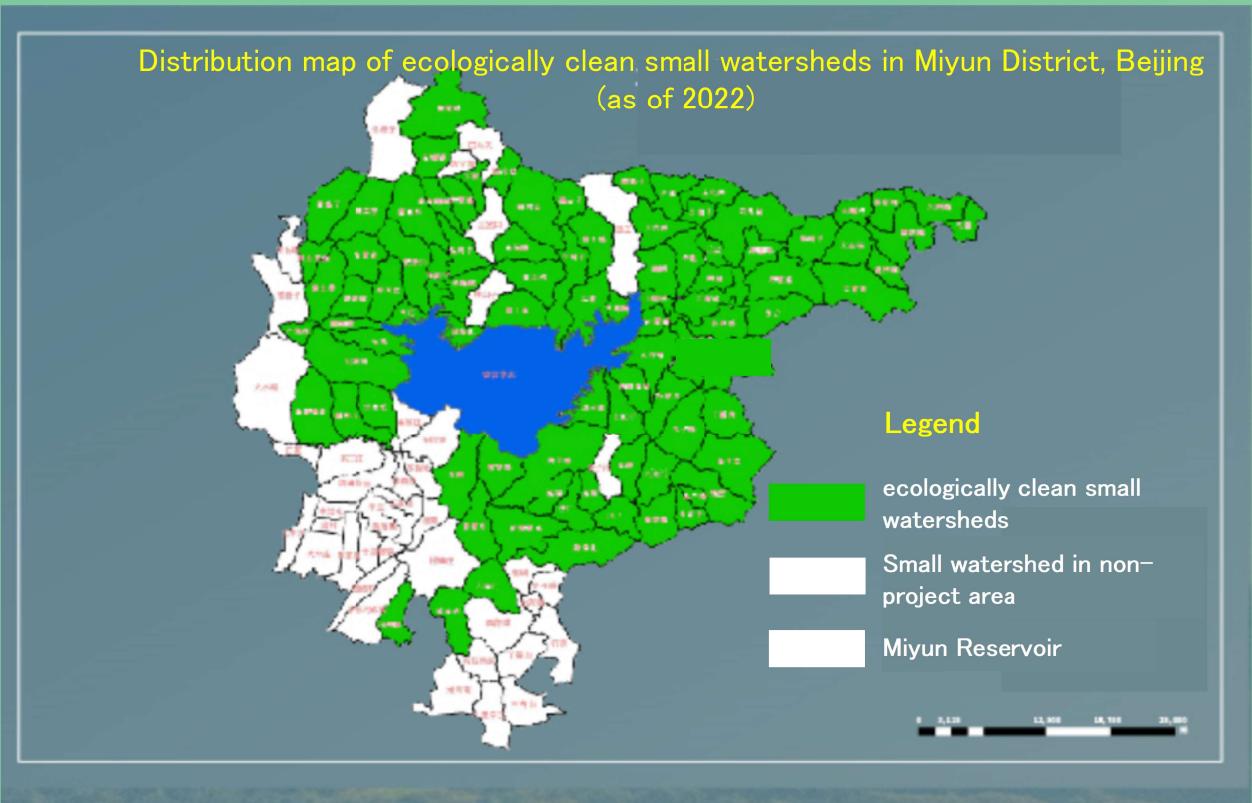

2. Practice source governance

- Shut down 5 mines
- Closed 110 enterprises
- Returned 7,000 hectares of arable land
- Retired 850 animal farms

- 98% rural sewage treatment rate
- 100% rural domestic garbage disposal rate
- 179 small watersheds have met the ecological cleanliness standard

3. Improve synergy of governance

Communication meeting

Emergency drill

Law enforcement inspection

Water quality monitoring

4. Promote systematic governance

XVIII
World Water Congress
International Water Resources Association (IWRA)

- 100% compliance rate of all surface-water cross-sections
- The Miyun Reservoir maintains a water storage of 3 billion m³
- The Miyun Reservoir keeps its water quality at National Class II Standard for surface water

生物多样性保护不断加强：鸟类争相栖息在密云这片生态净

5. Mobilize public participation

World Water Congress
International Water Resources Association (IWRA)

依法保水

强化综合执法，开展“日常 + 专项 + 联动”的保水保生态综合执法检查，建立密云水库安全整治百日行动长效机制，不断深化行刑衔接，持续保持高压态势，严厉打击涉水涉环境违法违规行为。

全民保水

深入学习贯彻习近平总书记重要回信精神，大力开展保水保生态宣传教育及志愿服务活动，倡导全社会积极参加密云水库水源保护工作，汇聚全民保水最大合力。

全民保水

Existing problems and prospects

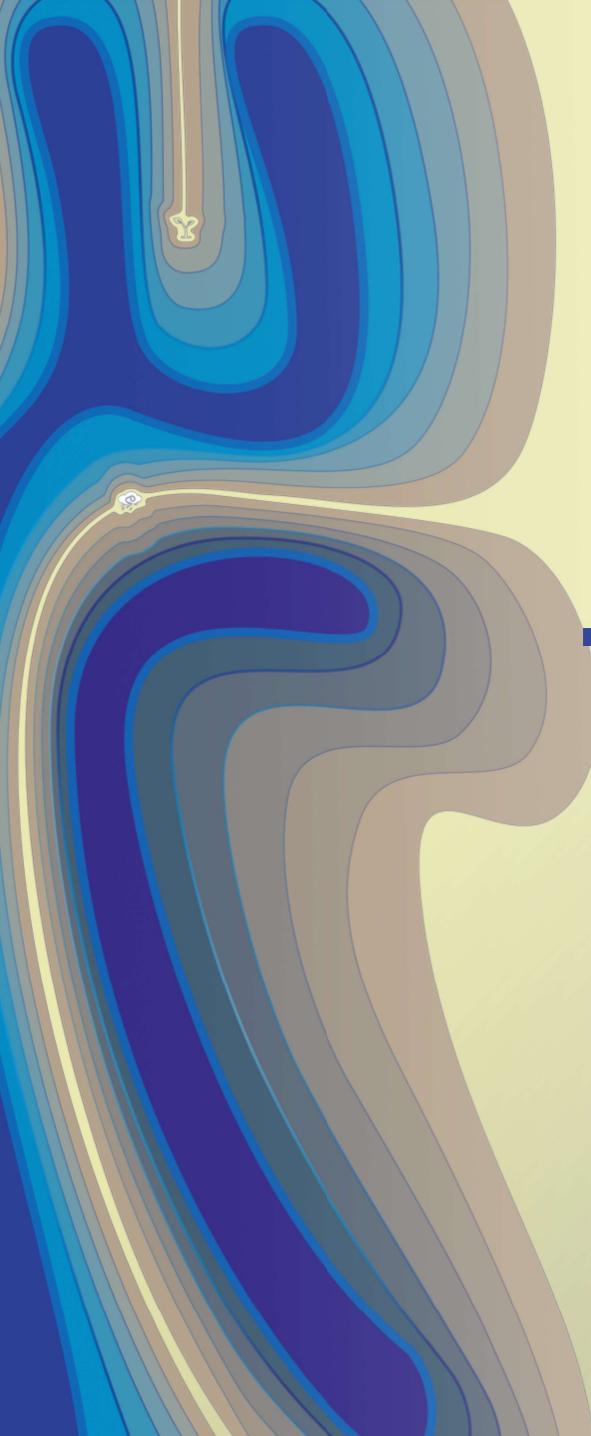

Existing problems

- Climate change led to less rain and severe drought.
- Protection of water sources constrains 43 villages' production activities and daily life.
- Balance the prioritizing of the ecology and the need for green development.

Prospects

Let's join hands to safeguard our beautiful planet Earth.

Thank you for the listening!
