147 rejected

Process:

➤ Articles out of scope and of bad quality rejected immediately

➤ Research & review articles

Article within scope & of acceptable quality : circulated to the AE (5) + EiC

Based on comments (2 or 3): call:

➤ Revise and resubmit

➤ Revise & PR

➤ Reject

➤ PR

➤ Viewpoints & commentaries:

Checked by DEiC & EiC

If needed external review

External review:

Handled by DEiC & AEs

Based on own network + reviewers that we find

Members of the editorial board commit to review at least one article/year

One external reviewer can be enough because of our internal screening process

Rigorous process → quality and level of the journal

Drawback: can seem a bit slow, but usually authors are satisfied
